The screenshot shows the BOP website's header with the Bureau of Prisons logo and navigation links for Home, Site Map, and Help. Below the header, a sidebar on the left is titled 'Inmate Locator' and contains a list of links: Inmate Locator, Visiting - General Info (with sub-links for Visiting Hours, Who Can Visit, Background Checks, Business Visits, Special Circumstances, Visiting Room Procedures, and Conjugal Visits), Locate Inmates Released Before 1982, and Who is a "Federal" Inmate?.

The main content area features a large heading 'Differences between Federal, state, & local inmates'. Below this, there are two paragraphs of text. The first paragraph states that only persons convicted of violating Federal laws are sent to Federal prisons, while most inmates convicted of violating state or local laws are sent to state prisons or city or county jails. The second paragraph notes that the Bureau does not have information on non-Federal inmates, but provides a link to the department of corrections for the state in question for further information.

At the bottom of the page, there are links for Home, About, Inmate Locator, Prison Facilities, Careers, Inmate Matters, Policy / Forms, Doing Business, News / Information, Accessibility, Browser Requirements, Disclaimer, Privacy Policy, Search, and Site Map.
